

The pricelist of analytical and laboratory works at electron microanalysis laboratory

Dept. of Special Laboratories, Dionýz Štúr State Geological Institute, Mlynská dol. 1, 817 04 Bratislava, Slovak Republik

Valid since 1-st July 2014

Workplace	Service	Hour / pc	Price without WAT (€)
<i>Microprobe Cameca SX-100</i>	machine hour (microanalysis, photodocumentation etc.) <i>unassisted night session is for 1/2 of the hour price</i>	1 hod.	34,30
	carbon coating of the sample	1 pc	3,88
	gold coating of the sample	1 pc	6,77
<i>Sample prepare</i>	polished thin section for microanalysis	1 pc	10,38
	polished cross section for microanalysis	1 pc	9,91
	cutting of the rock	1 pc	1,45
	both side polished thin plates for fluid inclusion study	1 pc	16,00
	covered thin section for optical study, compact material	1 pc	7,09
	covered thin section for optical study, weak material	1 pc	12,53
	resine impregnation	1 pc	0,69
	ultrasound cleaning	1 pc	0,98
	polished cut of the rock	1 pc	6,50
<i>Laboratory of fluid inclusion</i>	unassisted fluid inclusion measurement	1 hour	8,00
	optical microscope photodocumentaion	1 hour	5,00
