Mlynská dolina 1, 817 04 Bratislava

Department of Special Laboratories
The pricelist of analytical and laboratory works
at Electron Microanalysis Laboratory

Valid since January the 1-st 2020

Workplace	Service	Unit	Price EUR without VAT
Electron Microprobe Cameca SX 100	machine hour (microanalysis, photodocumentation etc.)	1 hour	45,00
	carbon coating of the sample	1 pc	6,00
	gold sputtering of the sample	1 pc	10,00
Sample preparation	polished thin section for microanalysis	1 pc	15,12
	polished cross section for microanalysis	1 pc	14,00
	rock cutting	1 pc	2,00
	thin section polished on both sides	1 pc	25,00
	covered thin section for optical study, compact material	1 pc	10,00
	covered thin section for optical study, weak material	1 pc	20,00
	resin impregnation	1 pc	2,00
	ultrasonic cleaning	1 pc	2,00
	polished large area thin section	1 pc	15,00
Laboratory of fluid inclusion	optical microscope photodocumentation	1 hour	25,00
